Principal's Message

This year, as we all know, marks the 26th anniversary of our Fremont Union High School. As we stop to look back to the school's beginning, we find that it has grown both in enrollment and in facilities.

However, "growth" does not necessarily mean simply getting bigger.

"Growth" also can become synonymous with "progress."

And because of this, "Growth and Progress" has been chosen by your editorial staff as the theme for the 1950 Yearbook.

Let us look at our own beloved Fremont. Like the county, state, and the nation itself, our school has become larger. For example, in order to meet the increased enrollment and in order to give you a fuller and wider experience in your school, we have added many new courses in arts, crafts, and shops — for the athletic department, many acres of land have been leveled and planted to turf, large areas have been paved for outdoor sports, the football field is bordered by a quarter-mile track with a 220-straightaway, and a lighted football field and steel bleachers have been added much to the enjoyment of the community — and we are in the process of acquiring twenty acres of land, new classrooms have been built, a music building is in the process of being built and many other buildings are in the blueprint stage.

Our school has become larger in physical properties. And we are proud of this progress. But we also are happy that we have a solvent student organization that finances a well-equipped band, buys the best in athletic gear for its teams, that has a smooth-working point system that gives worthwhile awards which are of life-long meaning to the winners, that has a traffic squad and a student court, and that has a recreation center.

I could go on about our counseling, guidance, and our testing. Our athletics have reached an all-time high and should continue to be satisfactory.

Yes, Fremont is bigger and better. Looking back, we find the school has shown both "growth" and "progress." And we also find that the class of 1950 has contributed more than its share towards this advancement.

Thank you and congratulations for a job well done!

A. C. STEVENS, JR.

Dedication

Unfortunately most of us have not really known Mr. Jefferson Mulkey as a friend and teacher until our senior year when we attended one of his Senior Problems classes. In these classes he has been of great assistance in helping the seniors select a vocation to follow after graduation.

As a teacher his meticulous habits, probably obtained in his several years as a practicing lawyer, have been an example for us to try to follow. As a friend he has always given us a helping hand whenever we have needed it.

He has been a resident of the community for over twenty years and in these years has been actively interested in community affairs. This interest carries over into his classes where his students are made aware of what their responsibilities as citizens and voters will be when they graduate from high school.

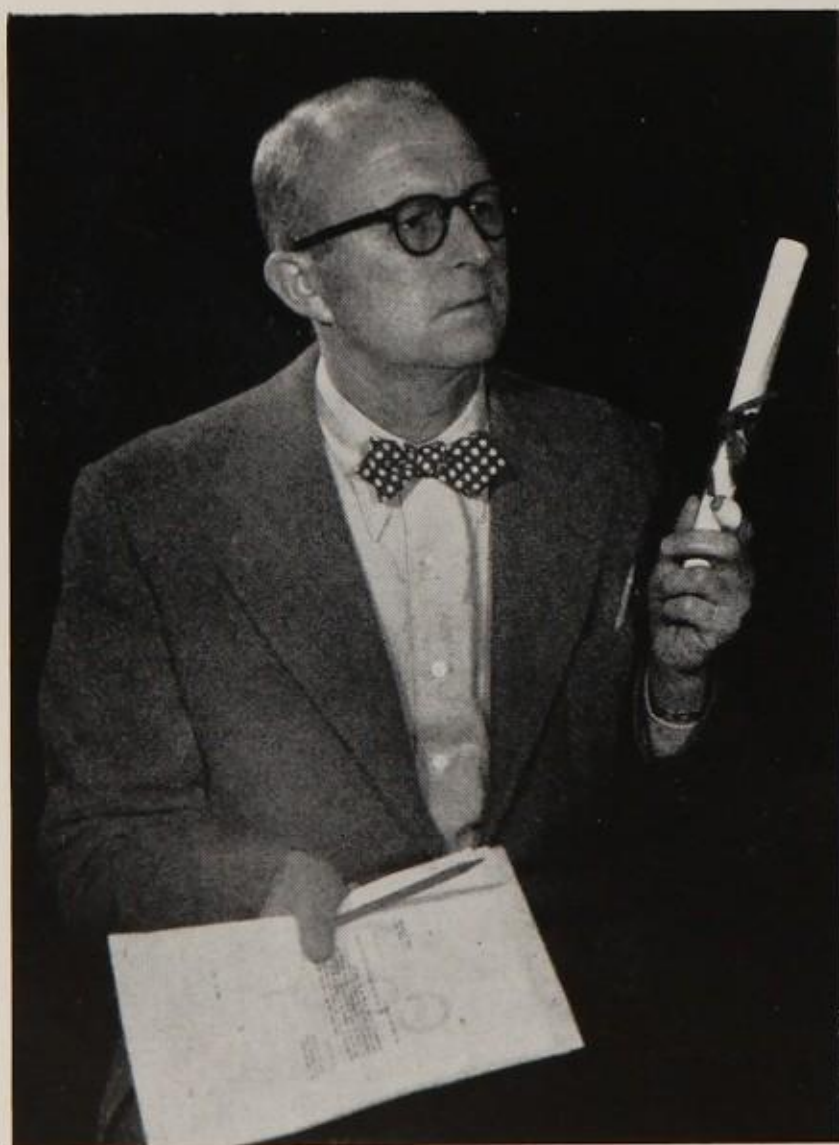

Although early in his career he studied to be and practiced as a lawyer, he later turned to teaching. At Fremont it has been his responsibility to help hundreds of seniors both in the class room and in his capacity as senior adviser in making the adjustment from students to adult citizens of the community.

Therefore, it is with sincere appreciation for his friendship and teaching that we respectfully dedicate our Pathfinder to Jefferson Mulkey.

We would also like to dedicate this book to the memory of John Barnes, sophomore, who was active in sports, the Future Farmers of America, and other school activities.

Dear Ken
 I've all
 not some
 friends
 I don't
 you as
 kind at
 your
 giving
 me
 better
 always

Class of 1950

(1) John Mesa, president. (2) Peter Martin, vice-president. (3) OFFICERS: TOP ROW: Harry Holstein, Peter Martin, John Mesa. BOTTOM ROW: June Webb, Bernice Tibbitts, Betty Mardesich.

Class History

As we look back over our four years at Fremont, the changes that have been made here always serve to make us slightly amazed. Fremont has come from the spot of a minor school to the position of a major one. The changes here have been in all fields — in our band, which is now one of the best bands in the area, in our dramatics, where directors are producing some very fine plays and have developed some of the students into accomplished performers. Perhaps what is the most noticeable of our upgrade steps is in athletics.

There has been modernization around the school in the way of buildings. A new wing has been built with all the modern conveniences and is now in use by English and History classes. Plans for more improvements are being made. With the type of students that we have here, we can rest assured that Fremont will stay where she is now, on top.

And as you and I, or any former student, look back after graduation, we will all be able to remember Fremont as one of the foremost schools in the valley.

— LeRoy Kirkish
